# ASSEMBLY INSTRUCTIONS

## THE PICKWORTH STORAGE BOX

Before you commence the assembly process we recommend that you read these instructions thoroughly beforehand to familiarise yourself with the assembly process and to also check that you have the correct components. If for any reason you need assistance, you can find our contact details on the final page of these instructions.

We highly recommend that any assembly is carried out on a flat, level surface if possible and that you use another person to assist you if necessary. **Note:** 38mm black screws are only included with door option.

THE PICKWORTH STORAGE BOX

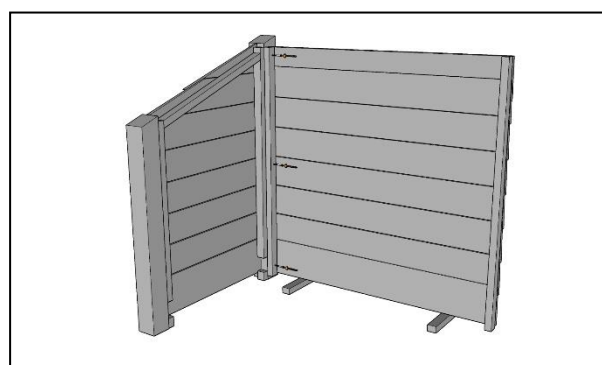

# THE PICKWORTH STORAGE BOX

## Step 1

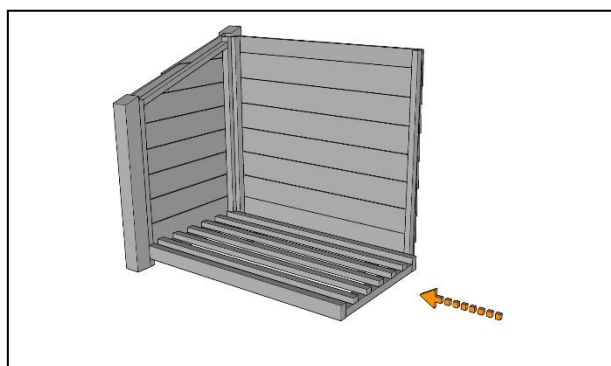

Ensure that you have all of the correct parts as listed on the front page of these instructions, including any fixings.

## Step 2

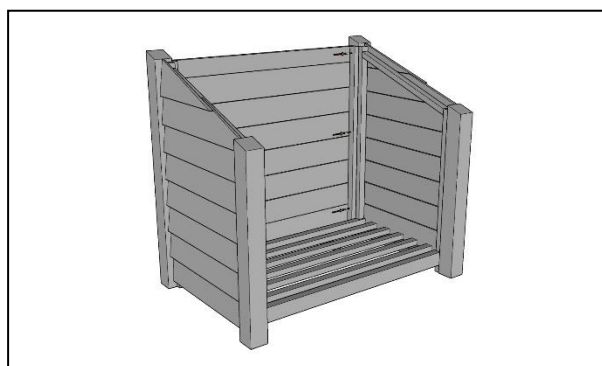

Stand the left-hand end panel upright on a flat, level surface and using the spacer blocks provided align the back panel so that it is vertical and the battens are flush with the inner face of the rear corner post. Fix into place with 3 x short green screws.

## Step 3

Slide the base panel fully into the slots in the side panel...

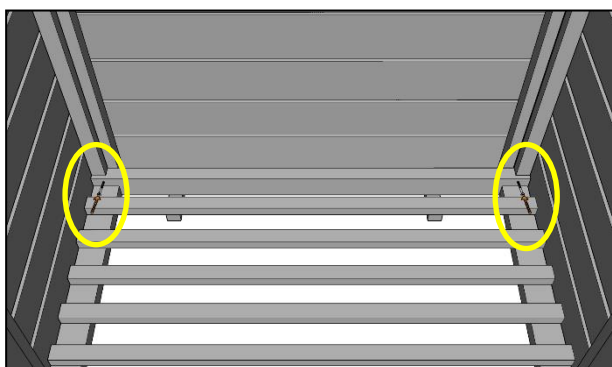

## Step 4

...and then locate the right-side panel slots over the end of the base and slide fully home. Align the back panel so that it is vertical and the battens are flush with the inner face of the rear corner post and fix into place with 3 x short green screws.

## Step 5

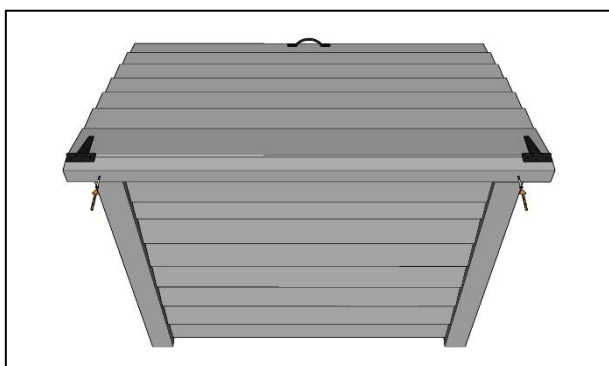

Secure the base in place with a long green screw through the base edge into the rear posts as shown.

## Step 6

Working from the rear of the storage box, remove the spacer blocks. Now slide the front panel between the front posts, aligning the top edge so that it flush with the post tops. Fix into place with 3 short green screws into each post as shown. Use a long green screw to secure the base to each post.

## Step 7

Lower the lid onto the storage box, make sure it is centred and then fix into place with a long green screw through the rear rail into each post.

## Step 8

Your Pickworth Storage Box is now complete.
